kshifali011@gmail.com | +92-315-916-7218 | Islamabad, Pakistan | linkedin.com/in/kashif-ali-811a29226 | kashifali011.github.io/Portfolio/

PROFESSIONAL SUMMARY

Results-driven professional with 4+ years of experience across digital marketing, e-commerce, operations support, and technical environments. Experienced in managing digital campaigns, Amazon SEO, multi-platform performance analytics, product listings, inventory data, and operational reporting. Since June 2026, supporting property-management operations through security-deposit processing, invoice verification, occupancy tracking, utility-cost calculations, refund checks, quality control, and agent training. Holds a BS in Software Engineering, with hands-on MERN stack development experience and working knowledge of IT support and system administration. Adept at coordinating across teams, identifying data discrepancies, troubleshooting issues, and translating operational data into actionable insights.

PROFESSIONAL EXPERIENCE

Deposit Operations & Agent Training Support | 22 June 2026 – Present

RoomHousing | Remote

- Process security-deposit workflows, including reviewing client checkout information, locating client records, and generating deposit liquidation templates.
- Verify actual check-in and check-out dates and occupancy records to support accurate, period-based deposit and utility calculations.
- Review utility and supplier invoices for electricity, water, gas, Wi-Fi, hosting, and other expenses; register invoice data in operational spreadsheets.
- Apply actual invoice amounts where available and use prior complete-month averages when instructed and when actual bills are unavailable.
- Review refund calculations, deductions, transfers, and supporting PDFs; investigate discrepancies and flag incorrect or duplicate charges.
- Maintain and update Google Sheets and client files for deposit tracking, occupancy, expenses, and refund operations.
- Perform quality checks on templates and calculations, identify errors, and communicate corrections and pending issues to management.
- Train and support agents in the RoadMap, deposit workflows, real-invoice processing, average utility calculations, templates, and client-file procedures.

Digital Marketing Executive | Jan 2022 – Present

Pak Bargain | USA (Remote)

- Spearheaded end-to-end digital marketing campaigns across social media, email, and content platforms, driving measurable growth in brand reach and community engagement.
- Developed quarterly content strategies and managed a content calendar aligned with product launches, seasonal promotions, and brand milestones.
- Executed influencer outreach programmes, identifying and onboarding brand partners to expand audience reach across key demographics.
- Analysed campaign KPIs (CTR, CPM, ROAS, engagement rate) using analytics dashboards and produced monthly performance reports for senior leadership.
- Oversaw brand management across all digital touchpoints, ensuring consistent messaging and visual identity across platforms.
- Managed inventory and accounts data using advanced Microsoft Excel (pivot tables, macros, VLOOKUP) to support operational and financial reporting.
- Collaborated cross-functionally with design, product, and sales teams to align marketing deliverables with business objectives.

PROFESSIONAL EXPERIENCE (CONTINUED)

E-Commerce Sales Specialist | Jul 2023 – Feb 2024
AIA Global Resources (PVT) Limited | Islamabad, Pakistan

- Optimised 100+ Amazon product listings through keyword research, compelling copy, and A+ content, resulting in improved organic search rankings and conversion rates.
- Implemented Amazon SEO strategies including backend keyword integration and search term optimisation to enhance product discoverability.
- Managed and monitored inventory levels, reducing stockouts and overstock situations through proactive forecasting and supplier coordination.
- Conducted competitive price monitoring and market analysis to inform dynamic pricing strategies and maintain a competitive edge.
- Planned, launched, and optimised Amazon PPC advertising campaigns (Sponsored Products, Sponsored Brands), improving ACOS and maximising ad spend ROI.
- Tracked and reported performance analytics on a weekly basis, identifying trends and providing actionable recommendations to management.
- Managed customer feedback and reviews, maintaining a high seller rating through proactive resolution of customer queries and escalations.
- Ensured full compliance with Amazon policies and guidelines, mitigating listing suspension risks.
- Performed in-depth data analysis using Microsoft Excel to support inventory planning, sales forecasting, and strategic decision-making.

KEY PROJECTS

E-Commerce Dashboard | MERN Stack | Personal Project

- Designed and developed a full-stack E-Commerce Dashboard using the MERN stack (MongoDB, Express.js, React.js, Node.js) with a modular, scalable architecture.
- Implemented JWT-based authentication and role-based access control with protected routing via BrowserRouter for secure user sessions.
- Built and documented RESTful APIs to manage product catalogue, order processing, and user management, enabling seamless front-end and back-end integration.
- Applied best practices in state management and component-based UI development to deliver a responsive, user-friendly dashboard interface.

EDUCATION

Bachelor of Science in Software Engineering | Dec 2021
IQRA University, Islamabad Campus

FSC – Pre-Engineering | Jun 2015
Civil Aviation Authority Model College, Karachi

Matriculation (Secondary School Certificate) | Jun 2013
Al-Syed Public School, Karachi
